

PROJECTS COMPLETED PRIOR TO THE NEW PERFORMANCE-BASED CONTRACTING STATUTES

As of July 11, 2007

SOUTHERN NEVADA PROJECT

Buildings and Grounds selected E3. This project included the Sawyer and Bradley Buildings. It was completed about 2000. Pat McInness at Buildings and Grounds or Jim Wolfe at E3 (775-826-1140) are the points of contact.

CITY OF CARSON

\$2.5 million total for two phases

Viron Energy Services was selected for this project. It was completed in about 2000/2001. Savings came in about 6% over what was projected. Larry Nair or Justine Chambers with the City of Carson are the points of contact.

CAPITOL COMPLEX

About \$2.8 million

Buildings and Grounds selected Viron Energy Services. The project was completed in 2001. Post-retrofit savings were about 8% over what was projected. Pat McInness at Buildings and Grounds or Jim Wolfe at E3 (775-826-1140) are the points of contact.

UNLV

UNLV selected E3. The project was completed about 2001 / 2002. Jim Wilhem, Energy Manager at UNLV, is the point of contact. His number is (702) 895-4886. There were significant problems between the contractor and UNLV on this project. The problems still aren't resolved.

TAHOE PROJECT:

E3 was selected. This project was done in the late '90s. The M&V was done by Bruce Ditkin who is now with Washoe County.
