

Energy Services Coalition

A Public-Private Partnership

Energy Services Coalition Special Alert

September 26, 2013

LBNL Releases Report

Lawrence Berkeley National Laboratory released a new report yesterday titled: *Current Size and Remaining Market Potential of the U.S. Energy Service Company Industry*. The report was showcased at last month's ESC Market Transformation Conference in Denver.

The study analyzes the size, growth and trends in the ESCO industry, drawing on information provided by industry executives and experts in 2012. The report also provides a preliminary estimate of remaining investment potential. The report is available for [download here](#).

[Peter Larsen](#), one of the report's authors, was one of the presenters on the "State of the Market" panel at the ESC Conference. Larsen is a Senior Engineering Associate at Lawrence Berkeley National Laboratory. The other panelists included [Dr. Tim Unruh](#), Federal Energy Management Program -- Program Manager at US DOE, and [David Terry](#), Executive Director, National Association of State Energy Officials.

Best regards,

Jim Arwood, Executive Director

About the ESC

The Energy Services Coalition (ESC) is a national nonprofit organization composed of a network of experts from a wide range of organizations working together at the state and local level to increase energy efficiency through energy performance contracting.
